Your current job title and the project name	Associate

OBJECTIVES

To work in a company that provides a platform to improve my skills and to be a part of a team that dynamically improves the development of the company.

SUMMARY OF EXPERIENCE

I got selected in the 24hrs Smart India Hackathon which held on March 2019, where I travelled in flight to Assam and stayed in College Hostel. We were a team of 6 where I worked with the seniors and overall, I had an awesome experience.

I got an Internship in Cognizant where I worked as a Programmer Analyst for 4 months. It was a great pleasure working there, and I gained lot of knowledge. I was put under the Mean Stack Domain. Before working in Cognizant, I don't know anything about frameworks. But now, I was happy that I can able to create a website of my own. Apart from learning there was also a lot of fun activities. I enjoyed while learning!

PROFESSIONAL HIGHLIGHTS

1. Secured first and second rank in the Continuous Assessment Test during the 1st and the 5th semester in SVCE.
2. Secured second prize in 8-hour hackathon organized by the Computer Science Department in SVCE.
3. Secured Gold Medal for scoring the highest grand total in school as well as Government examinations in 10th Std.

PROFESSIONAL AND TECHNICAL SKILLS

1. Programming languages – C, C++, Java, Basics of Python
2. Web Technologies – HTML, CSS, JS, Bootstrap
3. I'm a quick learner
4. I'm an optimistic person
5. I'm a well-disciplined person

CERTIFICATIONS

1. JavaScript Basics for Beginners in Udemmy
2. SQL for Beginners in Udemmy
3. Participation Certificate for Smart India Hackathon 2019
4. In KaasShiv Info Tech, I completed one-week training on Introduction to Dot Net, Web Application and Ethical Hacking
5. Successfully completed the program on Web Comp Development using Java EE – Level 2
